Fasting LENT

To live the time of Lent free ourselves from addictions, those that we think to check and we think we can stop when we decide and that, on the contrary, dominate us, free ourselves from habits that influence us and alienate us from ourselves, from consuming because the man not only lives by bread. Fast from the virtual life to see the real one. Leave space for prayer, asking you to open the door of our hearts, maybe physically leaving a space in our days to enter in the church. To do this we need to detach the “links compulsive” and connect with the silence of God. We learn to ask for us and for others, to intercede because it is the first way to understand the presence of God in our lives and to stay close to those who He suffers. Third indication Lenten almsgiving. Give greetings, visits, heart, time. We invite to dinner those who cannot return anything but love. Eschewing the idea of giving thanks or just to give consideration. And we will find joy. The charity also helps us not to believe in masters, and to find out who really is more blessed to give than to receive, not to be conditioned by money that steals the heart and makes us just vulgar and hard.
