## WATCHING WITH THE EYES OF GOD

What we try to do is really strange. We are among the few to whom they are missing requests means everything goes well, our "customers", if we would be a store, they should decrease and not increase. We have to move on this goal, put it in the field all the energies that the fantasy of the Spirit can handle and that at the contrary too many times it is closed in us. Are you afraid? Shyness? Pride? Each knows them and can remove them, but so many times they prevail, causing us to corrode good will. Keep the wheels locked.

Sometimes it is thought that the extraordinary strength of our baptism remains in a piggy bank which does not produce fruit. The key to opening it is ours Sunday, but we forget it. And think that just a few days ago, we have meditated it. We did it in the eyes of Who, hanging on a cross, looking at each of ours eyes when he showed to the beloved apostle he who prefigured the way principal, entrusting each of us to the mother of the Church and entrusting it to the Church each of us as the beloved apostle, in a reciprocal, interchangeable embrace. an extraordinary key that is called the Eucharist, which surpasses every space and time, Who binds us as children of the same Father, generous of patience and mercy beyond any humanly conceivable limit. In the shared Sunday Eucharist we do resurrection memory of living, sharing, and reciprocal memory.

A fundamental help from the one true source, Christ Jesus, Lord of the Time and of history yesterday, today and always.
